

Great team who put the hours in to get the job done on time. Soil pipes discovered upon excavation on both corners of the house- were not expected but efficiently rectified. Many thanks especially to Jay on this one! - Home Owner

On time, in budget, no problems – Go Environmental limited

Structural steelwork provided as order and installed in a professional manner, site operatives very polite. Site left in a clean and tidy state at completion. - A Lench Building Contractors Ltd

We were very happy with the work carried out by C2 Construction and particularly their response to necessary changes that were requested as the work progressed. The team on site were excellent, the project was completed to schedule and we were happy with any adjustments made to original costings. - Home Owner
